### President's Message

The March educational lecture was given by Jerry Kieffer on machine tool lathes. Jerry demonstrated some amazing machining on a Sherline Lathe. His techniques and ability to teach was very evident. Jerry teaches workshops on machining at the NAWCC headquarters in Columbia; I and other members are planning on attending one of his classes soon.

I will be speaking at our May meeting on Time Card Clocks, History and Repair on a clock I recently restored. Bring along your time clocks for the rest of us to see and discuss.

The NAWCC 2014 National will be held in Milwaukee on June 17-21. Sign up with me to help at the National and support the National and our Chapter.

Thank you,  
Craig White

## March 2014 "Spot a Clock"

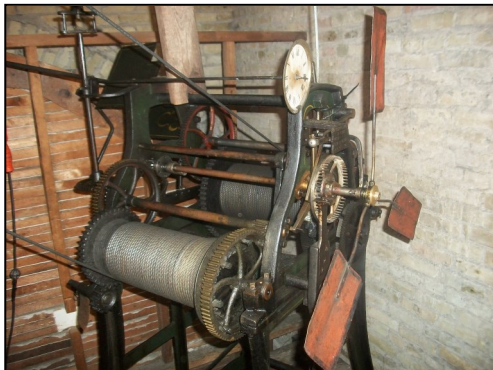

This month's 'Spot a Clock' is St. Paul's Lutheran Church, located at S66 W14325 Janesville Road in Muskego.

St. Paul's started as a small wooden church constructed on 2 acres of land in 1858. As the congregation grew, a brick church was built, and was dedicated in 1905. The small church features a beautiful pipe organ.

The steeple houses a well-preserved three-train Schwalbach clock movement.

The clock is currently cared for by Jerry Kurth, whose great-grandfather farmed land in the area and donated land for the church.

The clock is in original condition, complete with its original weights and pulley system.

This clock is one of the last original, operating Schwalbach movements in existence. Recently, the clock experienced some operational issues. Through member Paul Schmitz, Mr. Kurth contacted Chapter 47, which has been providing some assistance with the clock.

If you would like to suggest a clock for the newsletter's 'Spot a Clock', please contact Ed Buc at the Chapter meetings or by email at [timecraft\\_wi@yahoo.com](mailto:timecraft_wi@yahoo.com).
